# RAMSET AUTOMATIC GATE SYSTEMS INC.

Ramset has been delivering quality and value since 1994

Ramset manufactures the most durable and reliable gate openers in the industry. We also provide an extensive line of accessories and quality hardware.

Our Jet & Modus swing gate openers are designed to provide safe, efficient, and reliable operation for years to come. The sleek, modern design combined with a full line of accessories and the security of a two year warranty makes the Jet and Modus the most attractive and versatile gate openers in their class.

Ramset has built a reputation for designing and building the finest gate openers in the industry. A combination of intelligent design and durable construction have allowed us to provide our customers with the most powerful operators available on the market without sacrificing efficiency or our whisper quiet performance.

When you consider the advantage of buying from a company that prides itself on having the highest standards of customer service and technical support; Ramset is the obvious choice for those who want to maximize value without sacrificing quality.
